How to View Panopto Videos

There are now two options for viewing Panopto Recordings

- Using ELMS
- Logging directly into http://capture.umd.edu

**ELMS Option:**

1. Log into Canvas using your Directory ID and Password.

2. Click “Course” on top menu. Select the appropriate course from the list.

3. Once in the desired course, click “Panopto Recordings” button from side menu.
4. A new window will open. Click on the link to open Panopto in a new tab.

5. In the new tab, under My Folders list on the left side, select the course you want.

6. The recordings for the select course will be listed in the right pane.
Capture.UMD.EDU Option:
1. Open a browser window.
2. Go to http://capture.umd.edu

3. Make sure **UMD Canvas** is selected in the Log in using drop down.
4. Click “Log in”

5. Enter your Directory ID and Password.

6. Click Log in

7. At the access request window, click Log in.

8. If you check the box to “Remember my authorization for this service” you will not be asked again for your login credentials on this computer with this browser.
9. Once logged in, you will see “My Folders” on the left side.

10. This will list all of the courses which you have access to with saved recordings.

11. Click on the desired folder

12. The recordings for that folder will be listed in the right window pane.
